

VISHWA P

React Developer | Full Stack Developer

Chennai, Tamil Nadu, India | Phone: +91 9025582022 | vishwapremkumar30@gmail.com

PROFESSIONAL SUMMARY

Full Stack Developer with practical experience in designing and developing responsive web applications using React, Vue.js, JavaScript, Node.js, Express.js, and MongoDB. Proficient in building RESTful APIs, integrating databases, and creating reusable, maintainable code. Strong understanding of front-end and back-end development, with a focus on performance, scalability, and delivering high-quality user experiences. Eager to contribute technical expertise while continuously expanding knowledge of modern web technologies.

PROFESSIONAL EXPERIENCE

Front-End Developer Intern

SpearStreamz Technology | Nov 2025 – Mar 2026

- Developed interactive dashboards with dynamic data visualization using REST APIs, improving data visibility and user interaction
- Built reusable and scalable UI components using Vue.js and TypeScript
- Collaborated with cross-functional teams using Agile methodology, Jira, and Git

Key Achievements:

- Developed and integrated an API-based chatbot, improving real-time user query handling and response efficiency
- Optimized UI performance and built reusable Vue.js components with advanced form validation, improving application responsiveness and overall user experience.

PROJECTS:

REST API Chatbot System

- Designed and developed an REST API-driven chatbot enabling real-time user interaction and faster query resolution.
- Integrated frontend interface with backend services using REST APIs
- Implemented asynchronous request handling and robust error management

Full Stack Car Cleaning Management System

- Developed a full stack web application using Vue.js, Node.js, Express.js, and MongoDB to digitize daily car cleaning operations.
- Built responsive dashboards for managing customers, vehicles, workers, and cleaning records.
- Developed secure REST APIs with CRUD operations and JWT-based authentication.
- Integrated MongoDB with REST APIs to ensure reliable data management and seamless communication between the frontend and backend.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Vue.js, TypeScript
- Backend: Node.js, Express.js
- Database: MongoDB
- Tools: Git, GitHub, Jira, Postman
- Concepts: REST APIs, Responsive Web Design, Component-Based Architecture, Routing, State Management
- Methodologies: Agile, Scrum

EDUCATION:

2021 – 2024 | ST. Thomas College of Arts and Science
Bachelor of Commerce (B.Com)

ADDITIONAL INFORMATION

Languages: English, Tamil
